To Whom it may Concern. 12-17-12.

My name is ~~2013 JAN 16 PM 12:20~~ Hernandez,
my unique ~~CLERK US DISTRICT COURT~~ number is #229416.
NORTHERN DISTRICT OF OHIO
AKRON

I am writing to you in regards to this class action Settlement in which I would like to express my Personal Opinions, Concerns, as well as my written objection.

I Partially object. I am objecting to the unfair amount of what may be an amount of ~~side~~^{est} up to \$200.⁰⁰ only! Given the fact that I understand that others may have done much is not all the work. But it has impacted me in more ways than one. Because if I would have known that Crst was basing there Hiring on a Consumer Report and not a Criminal Background Report I believe I would had been screaming out for justice.

I agreed to a background check a Criminal Background check only. I believed that was what the Background Check was about - since this is what Crst informed me at that point in time.

12-17-12.

Although I am now correctly informed and have a chance to put forth my objection to what was a very unfair act by CRST, I am torn between feeling dumbfounded on such actions by CRST and the amount of settlement offered to class action members such as my self and would ask the courts to consider my decision in objection and adjust ^{higher} ~~in~~ ⁱⁿ settlement to class members ~~at that point in time~~ ¹⁴⁴.

When such acts by CRST was done I was a recent student truck driver graduate in which obviously enough I had chosen this to be my career above all others. I had high expectations and applied for a driving position at CRST. I was never informed by CRST that ^{at} ~~base~~ my Consumer Report was being used to establish whether or not I had reasonable opportunity to grow with them in employment as part as CRST.

In Conclusion I not only ask But Plead

to the Courts and Honorable
Judge to be just and Consider
keeping in mind all class members
that may have had a similar situation
as I had, as to ^{all} ~~my~~ were my
Conclusion leads and ends to NO
Work, No income, Broken Dreams and
Fallen Expectations, and no longer
interested in that line of work in
which I worked and tried so
hard to achieve as a Female
Professional Commercial Truck Driver

Thank You for your Consideration
and time.

Respectfully,
Isabel Hernandez
